

Encounters with Employers

Sherbourne Fields is a broad-spectrum Special Education Needs school for pupils aged 4-19. Our pupils have a vast range of needs including visual impairments, hearing impairments, Autism, Global delay, physical disabilities and speech, language and communication needs. Our pupils learn and respond best to materials which have both audio, visual and kinaesthetic components.

Many of our young people are following an employability pathway which includes work experience placements in our post 16 department.

We would like input from employers for certain groups across the school and some specific support with our Year 14 leavers. Welcoming employers to our school would enhance our current offer of;

- Enterprise programmes
- Career paths
- Mock interviews
- Confidence building
- Work experience placements

If you are an employer and you feel you are able to support us with any of the above; please contact:

Jodie Lynch – Assistant Head Key Stage 5 jlynch@sherbournefields.coventry.sch.uk

Marie Geary – Work Related Learning Co-ordinator mgeary@sherbournefields.coventry.sch.uk

Carol Lucas – Family Liaison and Transition Advisor clucas@sherbournefields.coventry.sch.uk

Thank you in advance
