1 Definitions

1.1 'Safeguarding' is defined in Keeping Children Safe in Education (2015) as;

- protecting children from maltreatment;
- preventing impairment of children's health or development;
- ensuring that children grow up in circumstances consistent with the provision of safe and effective care; and
- taking action to enable all children to have the best outcomes.

1.2 'Child Protection' is the intervention that occurs when children have been significantly harmed or are at risk of significant harm.

1.3 'Child' refers to everyone under the age of 18. Here at Sherbourne Fields are pupils stay in education til the age of 19 so any concerns are reported to Adult Social Team.

1.4 'Parent' refers to birth parents and other adults in a parenting role for example adoptive parents, step parents and foster carers.

4 Types of abuse

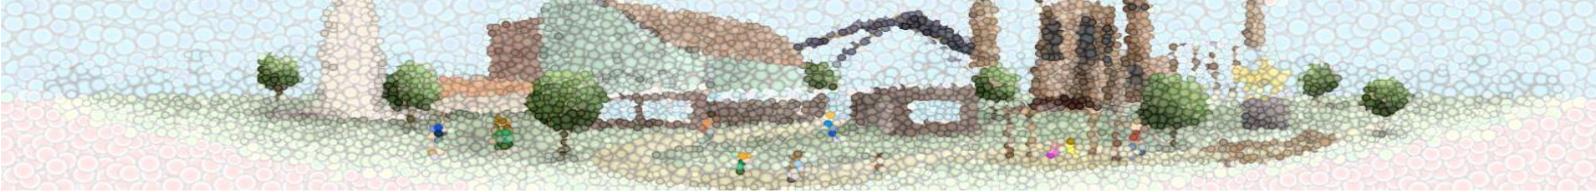

4.1 As outlined above, all staff will be trained in indicators of abuse and should be able to recognise signs of abuse. We recognise that abuse, neglect and safeguarding issues are complex and can rarely be covered by one label. Abuse can take many forms and can involve directly inflicting harm on a child, or failing to protect a child from harm. The four main types of abuse that staff are trained to recognise are;

- Physical abuse;
- Sexual abuse;
- Emotional abuse;
- Neglect.

4.2 Types of abuse (Taken from Working Together to Safeguard Children, 2018)

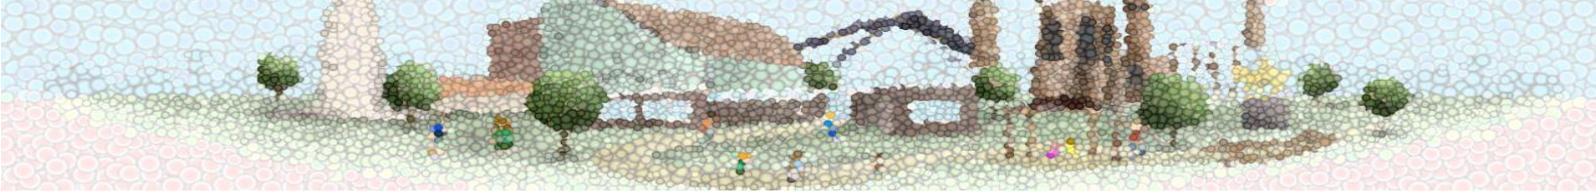

Type of abuse	Information
Abuse	A form of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm, or by failing to act to prevent harm. Children may be abused in a family or in an institutional or community setting by those known to them or, more rarely, by others (e.g. via the internet). They may be abused by an adult or adults, or another child or children.
Physical abuse	A form of abuse which may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.
Emotional abuse	The persistent emotional maltreatment of a child such as to cause severe and persistent adverse effects on the child's emotional development. It may involve conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond a child's developmental capability, as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyber bullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, though it may occur alone.
Sexual abuse	Involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example, rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing. They may also include non-contact activities, such as involving

Type of abuse	Information
Child sexual exploitation (CSE)	<p>children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse (including via the internet). Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children. The sexual abuse of children by other children is a specific safeguarding issue in education.</p> <p>CSE is a form of child sexual abuse. It occurs where an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child or young person under the age of 18 into sexual activity (a) in exchange for something the victim needs or wants, and/or (b) for the financial advantage or increased status of the perpetrator or facilitator. The victim may have been sexually exploited even if the sexual activity appears consensual. Child sexual exploitation does not always involve physical contact; it can also occur through the use of technology.</p>
Neglect	<p>The persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy, for example, as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to: provide adequate food, clothing and shelter (including exclusion from home or abandonment); protect a child from physical and emotional harm or danger; ensure adequate supervision (including the use of inadequate care-givers); or ensure access to appropriate medical care or treatment. It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.</p>

4.3 Indicators of abuse can be found in Appendix B.

4.4 If a child is in immediate danger or at risk of harm, a referral will be made to children's social care (through the MASH) and any member of staff can make this referral. A Designated or Deputy Designated Safeguarding Lead should be available at all times, but in exceptional circumstances the member of staff should speak to a member of the Senior Leadership Team or seek advice directly from social care and then take appropriate action. The Designated Safeguarding Lead should be made aware as soon as possible.

4.5 Staff, parents and the wider community should report any concerns that they have about the welfare of children, however minor or seemingly insignificant. Staff should not assume that someone else will report concerns.

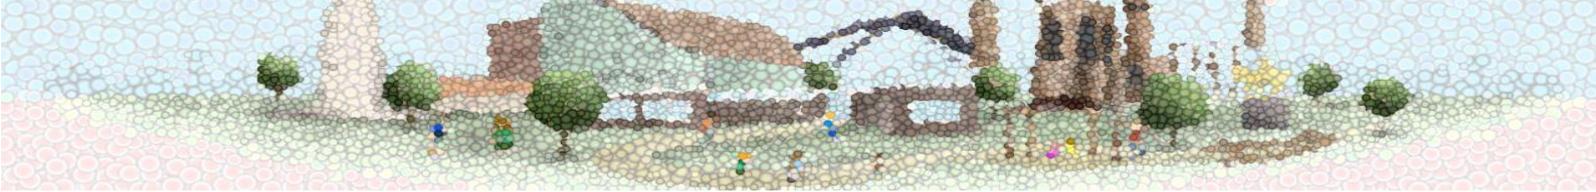

4.6 The school recognises that any child can be the victim of abuse and may benefit from early help. However, the school will be particularly vigilant to potential need for early help if a child;

- Is disabled and have specific additional needs;
- has special educational needs (whether or not they have a statutory education, health and care plan);
- is a young carer;
- is showing signs of being drawn in to anti-social or criminal behaviour, including gang involvement and association with organised crime groups;
- is frequently missing/goes missing from care or from home;
- is misusing drugs or alcohol themselves;
- Is at risk of modern slavery, trafficking or exploitation;
- is in a family circumstance presenting challenges for the child, such as substance abuse, adult mental health problems or domestic abuse;
- has returned home to their family from care;
- is showing early signs of abuse and/or neglect;
- is at risk of being radicalised or exploited;
- is a privately fostered child.²

4.7 Sherbourne Fields Special School recognises that abuse can take many different forms. Staff will also receive training on the following issues and action will be taken if *Sherbourne Fields Special School* believes that a child is at risk of or is the victim of;

- physical abuse;
- sexual abuse;
- child sexual exploitation;
- emotional abuse;
- neglect;
- bullying, including cyber- or online-bullying;
- criminal exploitation (including involvement in county lines);
- domestic abuse;
- fabricated or induced illness;
- faith-based abuse;
- female genital mutilation;
- forced marriage;
- gangs or youth violence;
- gender-based violence;
- hate;
- honour-based violence;
- radicalisation;
- relationship abuse;

² Taken from paragraph 18, Keeping Children Safe in Education (September 2018)

- sexual violence or sexual harassment (including peer on peer abuse);
- sexting;
- trafficking and modern slavery.

4.8 Sherbourne Fields Special School will also take action to protect;

- Children missing education;
- Children missing from home or care.

4.9 There are other familial issues that can have a detrimental impact on children.

We work with other agencies in line with Keeping Children Safe in Education (2018) to support children and families in the following circumstances;

- Children facing the court procedures and/or children in the court system;
- Children with family members in prison;
- Children who are homeless.

4.10 Sherbourne Fields Special School have a duty to refer any children who are living in a private fostering arrangement to the local authority.

4.11 All schools are subject to a duty under section 26 of the Counter-Terrorism and Security Act 2015 in the exercise of their functions to have "due regard" to the need to prevent people from being drawn into terrorism. See Appendix B for further information on Sherbourne Fields Special School's Prevent duty.

4.12 If any member of staff is unsure about signs of abuse or neglect, they should speak to the Designated Safeguarding Leads.

4.13 See Appendix B for further information and guidance on the above issues.³

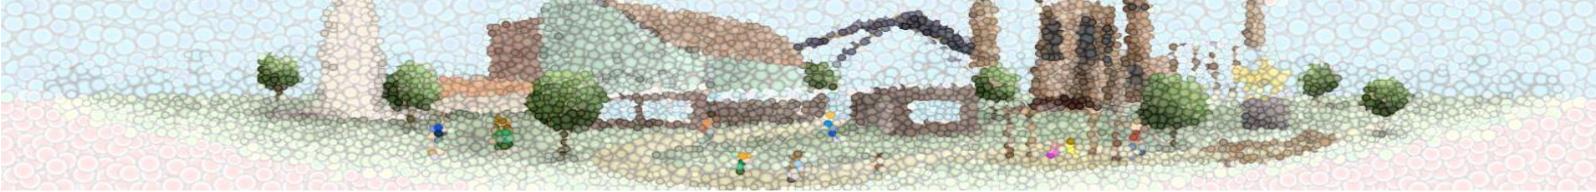

5 Responding to signs of abuse

5.1 If a member of staff, parent or member of the public is concerned about a child's welfare, they should report it to the designated safeguarding lead as soon as possible. On occasions when the designated safeguarding lead is not available, it should be reported to the deputy safeguarding lead without delay. Although any member of staff can make a referral to Children's social care, where possible there should be a conversation with the Designated Safeguarding Lead.

5.2 If anyone other than the Designated Safeguarding Lead makes a referral to children's social care or to the police, they should inform the DSL as soon as possible.

5.2 All staff will be alert to indicators of abuse and will report any of the following to the Designated Safeguarding Lead immediately;

³ Please note that definitions of physical, sexual, emotional abuse and neglect are contained in the main body of the policy. Further information about other safeguarding issues and indicators of abuse can be found in Appendix B.

- Any concern or suspicion that a child has sustained an injury outside what is reasonably attributable to normal play;
- Any concerning behaviours exhibited by children that may indicate that they have been harmed or are at risk of harm, including unusual changes in mood or behaviour, concerning use of language and/or concerning drawings or stories.
- Any significant changes in attendance or punctuality;
- Any significant changes in a child's presentation;
- Any concerns relating to people who may pose a risk of harm to a child; and/or
- Any disclosures of abuse that children have made;

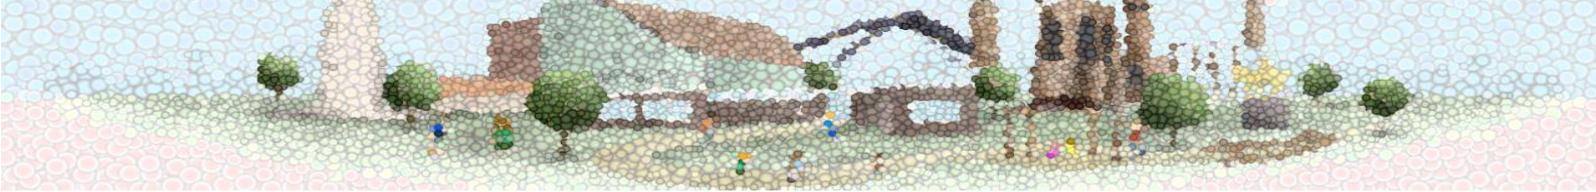

5.3 There will be occasions where a child discloses abuse directly to a member of staff. If this happens, the member of staff will;

- listen carefully to the child and believe what they are saying;
- not promise confidentiality, as information may need to be passed on so the child and family can receive additional support;
- only ask for clarification if something is unclear and will not ask 'leading' questions;
- report disclosure to the designated safeguarding lead as soon as possible, certainly by the end of the day;
- only discuss the issue with colleagues that need to know about it; and
- will write up the disclosure and pass it to the designated safeguarding lead. It is likely they will have a discussion with the DSL prior to this.

5.4 The designated safeguarding lead will make a decision about the action that needs to be taken following a member of staff raising a concern about a child, or following a direct disclosure. The DSL may;

- Manage support for the child internally;
- Seek advice from the social worker advice line in the MASH;
- Instigate single agency intervention and work directly with the family to improve the situation;
- Offer an Early Help Assessment to provide multi-agency help to a family;
- In cases where children are deemed to be at significant risk of harm, the DSL will refer cases to the MASH for statutory intervention. Parental consent will be obtained wherever possible before referring cases to the MASH. However, if Sherbourne Fields Special School is worried that telling parents will mean the child is at greater risk of harm, we may do this without informing them.
- If parents do not consent to a referral but the school believes that a child is at significant risk of harm, a referral will still be made to children's social care.

5.5 For further information about the Coventry Safeguarding Children Board's 'Right Help, Right Time' guidance, which is used by Sherbourne Fields Special School to make decisions about protecting children, please visit <http://www.coventry.gov.uk/righthelprighttime>.

5.6 See page 16 for flowchart of actions that will be taken where there are concerns about a child (taken from Keeping Children Safe in Education, September 2018).

5.7 In cases where members of staff become aware that Female Genital Mutilation (FGM) has been carried out on a female below the age of 18, they have a mandatory duty to report this to the police without delay and will do so. Staff should refer this to the DSL, but the legislation requires regulated health and social care professionals and teachers in England and Wales to make a report to the police where, in the course of their professional duties, they either;

- are informed by a girl under 18 that an act of FGM has been carried out on her; or
- observe physical signs which appear to show that an act of FGM has been carried out on a girl under 18 and they have no reason to believe that the act was necessary for the girl's physical or mental health or for purposes connected with labour or birth.⁴

5.8 Sherbourne Fields Special School understands that both adults and other children can perpetrate abuse, and peer on peer abuse is taken very seriously. Peer on peer abuse can include bullying, cyber-bullying, physical abuse, sexting, sexual violence and/or harassment and initiation/hazing ceremonies. The school recognise that safeguarding issues can manifest as peer on peer abuse.

5.8.1 The school will ensure staff understand what is meant by peer on peer abuse and the school policy on peer on peer abuse by attending the statutory school safeguarding training.

5.8.2 The school will work to prevent peer on peer abuse by planning curriculum topics within SMSC / Computing / Tutor Circle Time.

5.8.3 In the event that an allegation of peer on peer abuse is made, Sherbourne Fields will investigate this. Incidents will be logged and recorded on CPOMS and the DSL's will act as necessary.

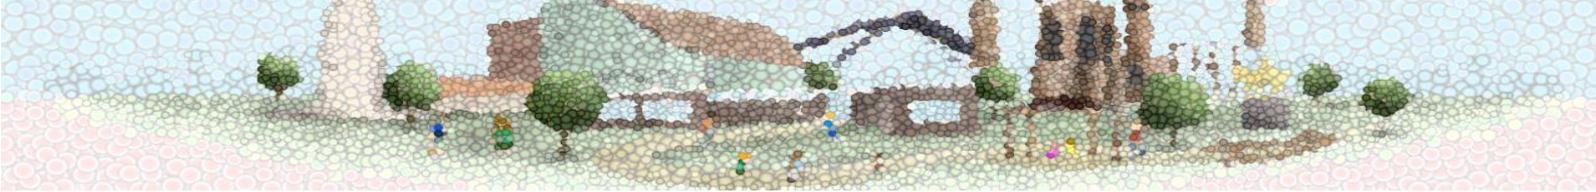

5.8.4 In the event that an allegation of peer on peer abuse is made, victims and alleged perpetrators will be supported by the DSL's.

5.8.5 Sherbourne Fields Special School will never pass off peer on peer abuse as 'banter' or 'part of growing up'.

5.8.6 Sherbourne Fields recognises that children can abuse other children. This is generally referred to as peer on peer abuse and can take many forms. This can include (but is not limited to) bullying (including cyberbullying); sexual violence and sexual harassment; physical abuse such as hitting, kicking, shaking, biting, hair pulling, or otherwise causing physical harm; sexting and initiating/hazing type violence and rituals.

5.8.7 Sherbourne Fields Special School will adhere to guidance set out in Keeping Children Safe in Education (2018) and Sexual Violence and Sexual Harassment in Schools (May 2018) when responding to incidents of peer on peer abuse.

⁴ *introduced in Section 5B of the FGM Act 2003, as inserted by section 74 of the Serious Crime Act 2015

5.9 Youth Produced Sexual Imagery ('sexting')

5.9.1 'Sexting' refers to any sharing of youth-produced sexual imagery between children. This includes;

- A person under the age of 18 creating and sharing sexual imagery of themselves with a peer under the age of 18;
- A person under the age of 18 sharing sexual imagery created by another person under the age of 18 with a peer under the age of 18 or an adult;
- A person under the age of 18 being in possession of sexual imagery created by another person under the age of 18.

5.9.2 Sherbourne Fields Special School has a responsibility to educate children in the risks relating to 'sexting' and how to keep themselves safe online.

5.9.3 Any incidents or suspected incidents of 'sexting' should be reported to the DSL without delay.

5.9.4 Once reported to the DSL, the DSL will decide on the appropriate course of action. This could include;

- Confiscation of mobile phones in line with guidance 'Searching, Screening and Confiscation, January 2018);
- Referrals to the police and/or MASH;
- Sanctions in accordance with behaviour policy;
- Support for young people involved to prevent reoccurrence;

5.9.5 The school recognises that safeguarding incidents can be associated with factors outside the school and may take place outside of school. We will always consider contextual safeguarding factors when responding to safeguarding incidents.

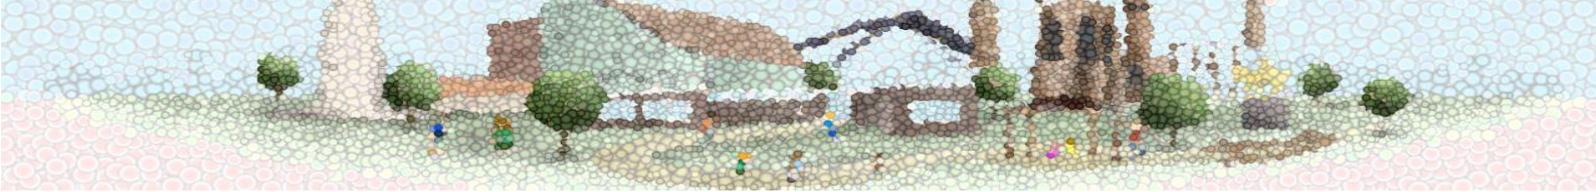

5.9.6 Any incidents of 'sexting' involving the following will result in a MASH and/or Police referral;

- Adult involvement;
- Coercion or blackmail;
- Children under the age of 13;
- Extreme, or violent content;
- Immediate risk of harm.

5.9.7 Staff will not view images or videos on pupil devices. Confiscated devices will be stored securely and passed to the relevant agencies.

5.9.8 We will work with parents as necessary if their child is involved in 'sexting'.

5.9.9 We operate a culture of safeguarding and young people should feel confident to disclose if they have sent an inappropriate image of themselves. Children will always be supported to retrieve and delete the images.

5.10 Searching, Screening and Confiscation

5.10.1 Where necessary, searching, screening and confiscation will be used to safeguard a child/children in *Sherbourne Fields Special School*.

5.10.2 *Sherbourne Fields Special School* adheres to 'Searching, Screening and Confiscation: Advice for Schools (January 2018).

Searching

- School staff can search a pupil for any item if the pupil agrees.
- Headteachers and staff authorised by them have a statutory power to search pupils or their possessions, without consent, where they have reasonable grounds for suspecting that the pupil may have a prohibited item. Prohibited items are:

Knives or weapons

Alcohol

Illegal Drugs

Stolen Items

Tobacco or Cigarettes

Fireworks

Pornographic Images

Any article that the member of staff reasonably suspects has been, or is likely to be, used:

To commit an offence or

To cause personal injury to, or damage to the property of any person

Headteachers and authorised staff can also search for any item banned by the school rules which has been identified in the rules as an item which may be searched for.

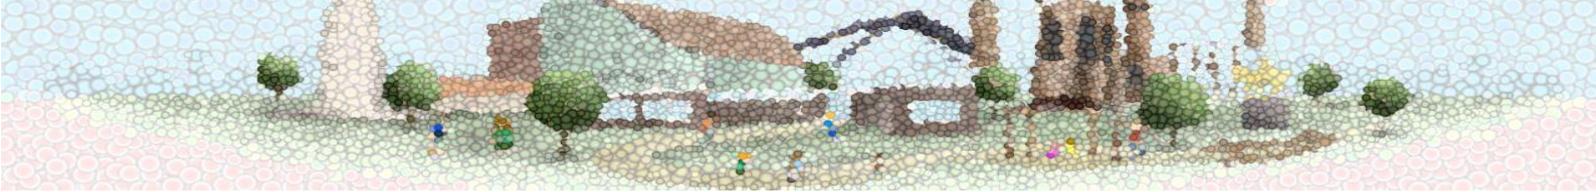

Confiscation

- School staff can seize any prohibited item found as a result of a search. They can also seize any item, they consider harmful or detrimental to school discipline.

Screening

What the law allows:

- Schools can require pupils to undergo screening by a walk-through or hand-held metal detector (arch or wand) even if they do not suspect them of having a weapon and without the consent of the pupils.
- Schools' statutory power to make rules on pupil behaviour² and their duty as an employer to manage the safety of staff, pupils and visitors³ enables them to impose a requirement that pupils undergo screening.
- Any member of school staff can screen pupils.

Searching with consent

Schools' common law powers to search:

- School staff can search pupils with their consent for any item.

Also note:

- Schools are not required to have formal written consent from the pupil for this sort of search – it is enough for the teacher to ask the pupil to turn out his or her pockets or if the teacher can look in the pupil's bag or locker and for the pupil to agree.
- If a member of staff suspects a pupil has a banned item in his/her possession, they can instruct the pupil to turn out his or her pockets or bag and if the pupil refuses, the teacher can apply an appropriate punishment as set out in the school's behaviour policy.
- A pupil refusing to co-operate with such a search raises the same kind of issues as where a pupil refuses to stay in a detention or refuses to stop any other unacceptable behaviour when instructed by a member of staff – in such circumstances, schools can apply an appropriate disciplinary penalty.

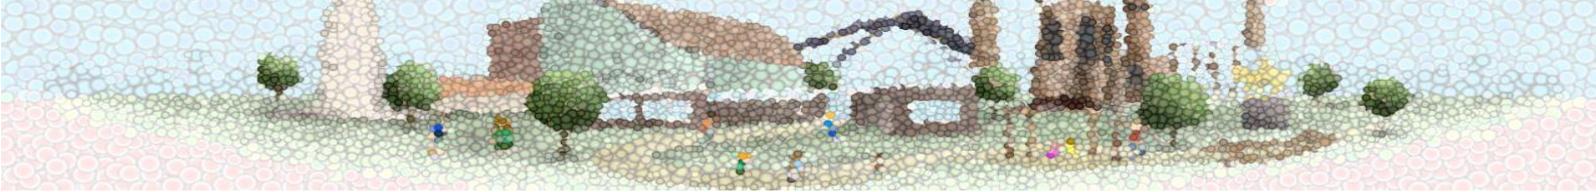

Searching without consent

What can be searched for?

- Knives or weapons, alcohol, illegal drugs and stolen items; and
- Tobacco and cigarette papers, fireworks and pornographic images; and
- Any article that the member of staff reasonably suspects has been, or is likely to be, used to commit an offence, or to cause personal injury, or damage to property; and
- Any item banned by the school rules which has been identified in the rules as an item which may be searched for.

Authorising members of staff

- Headteachers should decide who to authorise to use these powers. There is no requirement to provide authorisation in writing.
- Staff, other than security staff, can refuse to undertake a search. The law states that headteachers may not require anyone other than a member of the school security staff to undertake a search.
- Staff can be authorised to search for some items but not others; for example, a member of staff could be authorised to search for stolen property, but not for weapons or knives.
- A headteacher can require a member of the school's security staff to undertake a search.
- If a security guard, who is not a member of the school staff, searches a pupil, the person witnessing the search should ideally be a permanent member of the school staff, as they are more likely to know the pupil.

Establishing grounds for a search

- Teachers can only undertake a search without consent if they have reasonable grounds for suspecting that a pupil may have in his or her possession a prohibited item. The teacher must decide in each particular case what constitutes reasonable grounds for suspicion. For example, they may have heard other pupils talking about the item or they might notice a pupil behaving in a way that causes them to suspect that the pupil is concealing a prohibited item.
- In the exceptional circumstances when it is necessary to conduct a search of a pupil of the opposite sex or in the absence of a witness, the member of staff conducting the search should bear in mind that a pupil's expectation of privacy increases, as they get older.
- The powers allow school staff to search regardless of whether the pupil is found after the search to have that item. This includes circumstances where staff suspect a pupil of having items such as illegal drugs or stolen property which are later found not to be illegal or stolen.

During the search

Extent of the search – clothes, possessions, desks and lockers

What the law says:

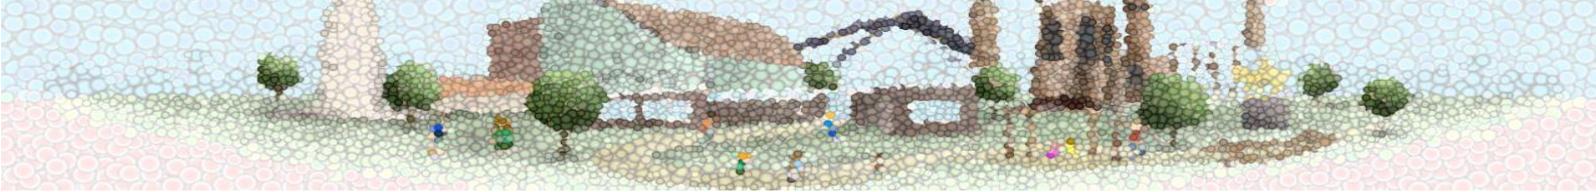

- The person conducting the search may not require the pupil to remove any clothing other than outer clothing.
- 'Outer clothing' means clothing that is not worn next to the skin or immediately over a garment that is being worn as underwear but 'outer clothing' includes hats; shoes; boots; gloves and scarves.
- 'Possessions' means any goods over which the pupil has or appears to have control – this includes desks, lockers and bags.
- A pupil's possessions can only be searched in the presence of the pupil and another member of staff, except where there is a risk that serious harm will be caused to a person if the search is not conducted immediately and where it is not reasonably practicable to summon another member of staff.

Use of force

- Members of staff can use such force as is reasonable given the circumstances when conducting a search for knives or weapons, alcohol, illegal drugs, stolen items, tobacco and cigarette papers, fireworks, pornographic images or articles that have been or could be used to commit an offence or cause harm. Such force cannot be used to search for items banned under the school rules.

Telling parents and dealing with complaints

- Schools are not required to inform parents before a search takes place or to seek their consent to search their child.
- There is no legal requirement to make or keep a record of a search.
- Schools should inform the individual pupil's parents or guardians where alcohol, illegal drugs or potentially harmful substances are found, though there is no legal requirement to do so.
- Complaints about screening or searching should be dealt with through the normal school complaints procedure.

5.11 To raise concerns about children, members of staff should contact the Multi-Agency Safeguarding Hub (MASH) by telephone to discuss the referral. They should then complete the online Multi-Agency Referral Form (MARF) and submit this to the MASH. The school will follow up referrals if we do not receive feedback from social care.

MASH Telephone number: 02476 788 555

MASH online referral form: <http://www.coventry.gov.uk/safeguardingchildren>

Out of hours Emergency Duty Team: 02476 832 222

Prevent/Channel Referrals: Refer to MASH and to CTU_GATEWAY@west-midlands.pnn.police.uk

5.12 If a child's situation does not appear to be improving following a referral, the school may re-refer the child. We will also consider using the [LSCB's Escalation Policy](#) to ensure that our concerns have been addressed and that the situation improves for the child.

6 Record-keeping

6.1 A written record of all safeguarding and/or child protection concerns, discussions and decisions made will be kept in individual children's files. This will be separate from the main school file and will only be accessed by the relevant safeguarding staff.

6.2 Sherbourne Fields Special School keeps all safeguarding files electronically, using a system called CPOMs.

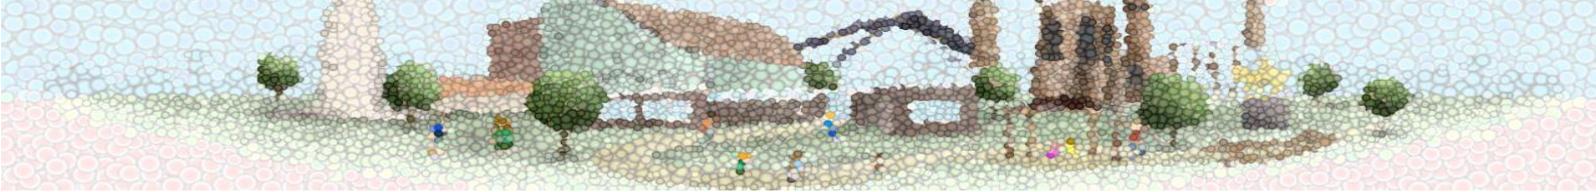

6.3 Staff will submit all concerns in writing to the DSL at the earliest opportunity. This may be after having a verbal conversation, but conversations will also be followed up in writing.

6.4 In the event that a child moves school, the safeguarding file will be transferred to the new setting securely and separately from the main school file. Once received by the new school, this school will not retain the information.

11.3 If a concern or allegation of abuse arises against any member of staff other than the Headteacher, it must be reported to the Headteacher without delay.

11.4 Allegations of abuse against staff must be reported to the Headteacher or Chair of Governors as appropriate and not discussed directly with the person involved.

11.5 The Headteacher or Chair of Governors should consider if the allegation meets the threshold for Designated Officer intervention. The Local Authority designated officer is Angie Bishop and contact details can be found at the front of this policy.

11.6 Concerns relating to a position of trust issue will be referred to the Local Authority designated officer within 24 hours.

Computing / SMSC / SRE / Thrive / Theme Days / E-safety / Jigsaw etc

13 Children Looked After

13.1 The most common reason for children to be looked-after is because they have experienced abuse and/or neglect. Sherbourne Fields Special School recognises that children looked after may have additional vulnerabilities. The Designated Lead for Looked-After and Previously Looked-After Children are:

Shivaun Duffy Moriarty – Head Teacher

Claire Antrobus – Deputy Head Teacher

13.2 Staff will receive training on how to best safeguard children who are Looked-After and Previously Looked-After.

13.4 Sherbourne Fields Special School is committed to working with other agencies to ensure the best outcomes for Looked-After and Previously Looked-After children.

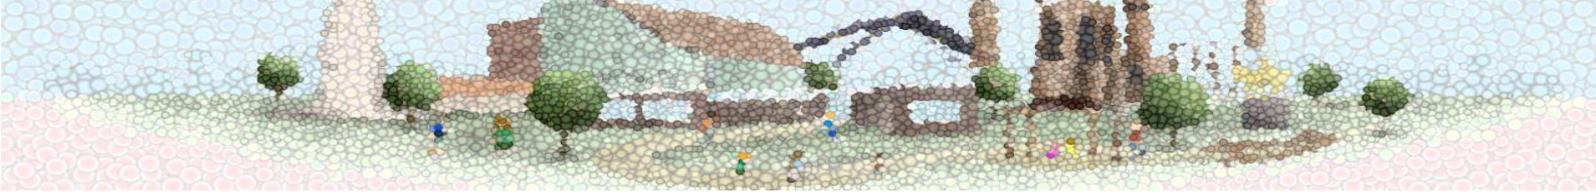

14 Children with Special Educational Needs

14.1 As outlined in Keeping Children Safe in Education (2018), Sherbourne Fields Special School is aware that children with additional needs or disabilities may be more vulnerable to abuse and additional barriers may exist when recognising abuse and neglect. This could be because;

- assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the child's disability without further exploration;
- being more prone to peer group isolation than other children;
- the potential for children with SEN and disabilities being disproportionately impacted by behaviours such as bullying, without outwardly showing any signs; and
- communication barriers and difficulties in overcoming these barriers.⁶

4.2 Staff will be trained in recognising signs of abuse in children with SEN and disabilities.

⁶ Keeping Children Safe in Education, September 2018

4.3 Staff will take into account the needs of a child when responding to concerns of abuse or when taking a disclosure. We recognise that some children require specialist intervention to communicate and advice will be sought in these circumstances.

4.4 Safeguarding learning opportunities within the curriculum will be appropriately differentiated to ensure all children can access it.

15 Use of reasonable force

15.1 There may be occasions when staff are required to use reasonable force to safeguard children. We will not use any more force than is necessary.

Please refer to our Team Teach Policy September 2018.

Speak to Team Teach Tutors Claire Antrobus (Deputy Head) / Andy Lewis (Assistant Head KS4) and Carla Swaffield (6th Form Teacher) if you have any concerns around Team Teach.

We also teach children about the dangers of bullying through our curriculum.

Children Missing Education

Further information on a Child Missing from Education

All children, regardless of their circumstances, are entitled to a full time education which is suitable to their age, ability, aptitude and any special educational needs they may have. Local authorities have a duty to establish, as far as it is possible to do so, the identity of children of compulsory school age who are missing education in their area.

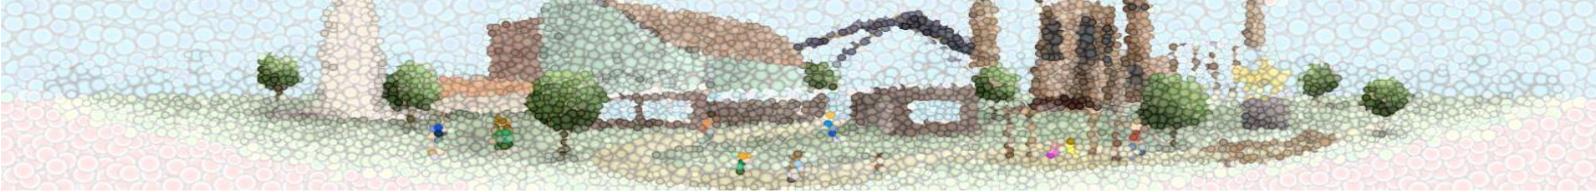

A child going missing from education is a potential indicator of abuse or neglect. School and college staff should follow the school's or college's procedures for dealing with children that go missing from education, particularly on repeat occasions, to help identify the risk of abuse and neglect, including sexual exploitation, and to help prevent the risks of their going missing in future. Schools should put in place appropriate safeguarding policies, procedures and responses for children who go missing from education, particularly on repeat occasions. It is essential that all staff are alert to signs to look out for and the individual triggers to be aware of when considering the risks of potential safeguarding concerns such as travelling to conflict zones, FGM and forced marriage.

The law requires all schools to have an admission register and, with the exception of schools where all pupils are boarders, an attendance register. All pupils must be placed on both registers⁷.

Schools must inform their local authority of any pupil who is going to be deleted from the admission register where they:

- have been taken out of school by their parents and are being educated outside the school system e.g. home education;
- have ceased to attend school and no longer live within reasonable distance of the school at which they are registered;
- have been certified by the school medical officer as unlikely to be in a fit state of health to attend school before ceasing to be of compulsory school age, and neither he/she nor his/her parent has indicated the intention to continue to attend the school after ceasing to be of compulsory school age;
- are in custody for a period of more than four months due to a final court order and the proprietor does not reasonably believe they will be returning to the school at the end of that period; or,
- have been permanently excluded.

The local authority must be notified when a school is to delete a pupil from its register under the above circumstances. This should be done as soon as the grounds for deletion are met, but no later than deleting the pupil's name from the register. It is essential that schools comply with this duty, so that local authorities can, as part of their duty to identify children of compulsory school age who are missing education, follow up with any child who might be in danger of not receiving an education and who might be at risk of abuse or neglect.

All schools must inform the local authority of any pupil who fails to attend school regularly, or has been absent without the school's permission for a continuous period of 10 school days or more, at such intervals as are agreed between the school and the local authority (or in default of such agreement, at intervals determined by the Secretary of State).

Sherbourne Fields works very closely with Helen Fox Senior Education Officer in Coventry and children attendance concerns are reported immediately. It is the staff at Sherbourne Fields responsibility to alert the DSL's if a child or children are absent and no contact has been made with the family by 10am on the first absent day from school. The DSL's will then act accordingly.

Private Fostering

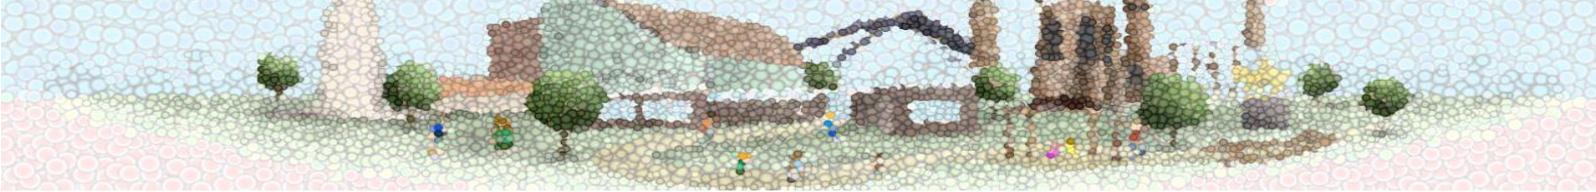

The school have a duty to refer any children who are living in a private fostering arrangement to the local authority.

We will do this through a MASH referral. It is important that parents/carers inform us if a child is going to be staying at an alternative address to that of their primary care-givers for more than 28 days.

Indicators of abuse

See below for possible indicators of abuse. (Taken from *What to do if you are worried a child is being abused*, 2015)

- Children whose behaviour changes – they may become aggressive, challenging,
- disruptive, withdrawn or clingy, or they might have difficulty sleeping or start wetting the bed;
- Children with clothes which are ill-fitting and/or dirty;
- Children with consistently poor hygiene;
- Children who make strong efforts to avoid specific family members or friends, without an obvious reason;
- Children who don't want to change clothes in front of others or participate in physical activities;
- Children who are having problems at school, for example, a sudden lack of concentration and learning or they appear to be tired and hungry;
- Children who talk about being left home alone, with inappropriate carers or with strangers;
- Children who reach developmental milestones, such as learning to speak or walk, late, with no medical reason;
- Children who are regularly missing from school or education;
- Children who are reluctant to go home after school;

- Children with poor school attendance and punctuality, or who are consistently late
- being picked up;
- Parents who are dismissive and non-responsive to practitioners' concerns;
- Parents who collect their children from school when drunk, or under the influence of drugs;
- Children who drink alcohol regularly from an early age;
- Children who are concerned for younger siblings without explaining why;
- Children who talk about running away; and
- Children who shy away from being touched or flinch at sudden movements.

The school recognises that the above list of indicators is not exhaustive and staff will receive training on indicators of abuse.
